Interviewee:

1. Tell me about your research/work areas.
2. What kind of technology do you (or your students) use to support your research?
What are your data needs?
3. Where do you run into challenges? What support are you lacking?
4. Are there any emerging digital technologies/tools in your field?
5. Have you interacted with the library and/or the Digital Scholarship team at during your research or teaching process?
6. Would you be interested in getting more involved with the Digital Scholarship community?
This could include leading a workshop, helping us plan for our upcoming center, or being more involved with DS initiatives.
7. Do you know anyone on campus I could talk to as part of this Needs Assessment? I am meeting with faculty, staff, and grad students, but I am also open to undergrads. If you think of any names, please give them my contact information or let me know, and I'll reach out to them.
